

# Payroll Training On-Demand

**With the American Payroll Association's Webcasts!**

## Get Payroll Training Whenever, Wherever You Need It

Learn how to keep your company safe from noncompliance penalties from the comfort of your own desk. The knowledge you'll gain from APA's new **Calculating Paychecks** and **Wage and Hour Summit Webcasts** will help you protect your company from little mistakes that can lead to big penalties.

Get world-class payroll training from any location.  
Go to [www.apawebcasts.com](http://www.apawebcasts.com) for a **FREE sample**.

These programs give you the payroll training you need without spending time away from your office! You can view the Webcasts from any computer with a high-speed Internet connection.

- [Calculating Paychecks Webcast](#) covers fundamental payroll procedures such as the calculation of gross pay, net pay, and deductions from pay.
- [Wage and Hour Summit Webcast](#) explains the Fair Labor Standards Act and "white collar" exemptions that will help you determine when an employee's time is considered worktime.

[Register today to receive payroll training](#) anytime, anywhere.

The programs consist of three topic-specific 120-minute segments, so you can take the course one segment at a time, when you have the time. The Webcasts are ideal for maintaining your company's compliance while reducing the amount of time and expenses involved in offsite training.

The Webcasts are available through **December 31**. Viewing all three segments for each course allows you to earn a total of 6 RCHs or 0.6 CEUs (2 RCHs or 0.2 CEUs per segment). Register today! Protect your company's compliance while saving time and money.
